**DELAWARE ISSUES BULLETIN NO. 74 (Revised)
REGARDING HOMEOWNERS INSURANCE RATE SURVEY**

BACKGROUND

The Delaware Insurance Department has issued Bulletin No. 74 (Revised) regarding Regulation 704 which requires insurers writing more than .01% of the homeowners market in Delaware to submit a rate survey.

The purpose of this revised Bulletin No. 74 is to update the Department's contact information.

COMPANY ACTION

The website address <http://insurance.delaware.gov/survey> has been updated to provide the contact information, list of insurers affected, and instructions for completing the sample rate survey.

Insurers who would otherwise be required to submit the survey but who are not writing new homeowner policies in Delaware for a particular reporting year may request a reporting exemption from the Department.

AVAILABILITY

Bulletin No. 74 (revised) may be accessed on the Delaware Insurance Department's website.
